

## **Position: Neurologist**

## **The Location: New York, NY**

We have an excellent, full time opportunity available for a BC/BE Neurologist in New York City. The focus is on providing the highest level of quality patient care and the staff is very friendly and team oriented. A great mentoring environment is provided and there is plenty of room for professional growth and advancement. This employer is committed to ensuring they provide a great work/life balance.

All the Neurologists work with the Radiology team to diagnose and treat a wide range of acute and chronic neurological conditions. They are in constant contact with the primary care physicians to provide patients with individualized, compassionate care that is tailored to their needs.

There is ample opportunity for the qualified candidate to quickly establish a busy practice. The system wide team is currently comprised of 11 neurologists and is fully supported with advanced practice providers and neurology focused nurses.
